Exemplify provides a word count for essay questions just below the answer area.

It includes:

- Number of words in the current answer

The screenshot shows a text input area for an essay answer. At the top, there is a toolbar with the font name 'Arial', a font size of '12pt', a 'Format' dropdown menu, and a scissors icon. Below the toolbar is a large, empty text box for writing the answer.

Essay Answer  0 / 100000 characters

wer  0 / 100000 characters

	words	chars	w/o spaces
This Essay	0	0	0
Selection	0	0	0

To see more information, you can click on the paper symbol next to the character count. This window provides the total number of words, characters, and characters without spaces for the essay response. If text is selected in the current question, Exemplify provides the same information for the text that is selected.
